### Forever Friends

Hey how important are friends in your life? Do you make friends forever? Let's enjoy with our friends and make some new ones too. Join us for some really fun filled activities and frolic.

---

April 10th -14th

### Early exploration of STEM

Is your mind always searching answers for the things around you? Do you want to always say, "TELL ME WHY?" Congratulations! there is a scientist in you just waiting to crack out ! Let's discover the world around together and do our own interesting experiments to quench our thirst for knowledge in our workshop.

---

April 17th - 21st

### Toons in Town

Hey kids let's have a 'Toon party' and call over all our toon friends !!! Imagine a world of cartoons where they step out of TV screens and story books and dance and play with us ! Let's dress up like our favourite characters and talk to one another like them. Ben and Holly, Paw Patrol, Octonauts, Dora and Handy Mandy.....ohhh all with us will be amazing !! Lot of activities and entertainment guaranteed. So join our gang and have loads of FUN under the SUN !!

---

April 24th - 28th

### Book Club

Books, Books and Books !! Don't books take you to a far off land? Do books take your imagination beyond this real world? How about having your own 'BOOK CLUB' !! Let's discover the joy of reading.

---

May 1st - 5th

### Blues Clues

Do you love mysteries, treasure hunts, clues leading up to the treasure and secrets? Join us to take clues to find treasures and unravel the mysteries surrounding us.

May 8th - 12th

## Mind your manners

Four tiny little words – thank you, sorry, please, excuse me; and what wonders they do! Let's revise our manners to be a good child – today, tomorrow and forever.....A workshop that's much more fun!

---

Time: 10.30 - 11.30 pm Age: 4 - 7 years (Jr kg & Sr kg) Fee: Rs 1000 per week

## Reading / Pre Math

---

### iRead (Grade Jr Kg / Sr kg)

Phonics instruction – Reading Program will help children acquire letter-sound correspondences thereby helping them read fluently.

The primary focus of phonics instruction is to help beginning readers understand how letters are linked to sounds (phonemes) to form letter-sound correspondences and spelling patterns and to help them learn how to apply this knowledge in their reading.

#### **Focus Areas**

Alphabet recognition  
Sound symbol association  
Beginning sounds, ending sounds  
Consonant and vowel sounds  
Word families  
Reading using the skill  
Reading with comprehension  
Sight words

---

### Pre - Math (Grade - Jr kg / Srkg)

This program introduces Pre-Math to children through a thorough understanding of numeracy, number identification, Pre Math concepts, counting and skip counting. Sequencing, ascending and descending order and measurements will be introduced to the children through various engaging, hands on activities. The children will learn to identify and sort geometrical patterns such as 2D and 3D figures. The program focuses on helping the child to develop a liking for mathematical operations and create a strong foundation for Maths, which in the long run would pay rich dividends to their future careers.

---

**We will require a minimum number of 10 students in each batch to conduct the class at Diamond District.**

**Please call on 9945804444 to register.**
